Ann Cashion, PhD, RN, FAAN, is Acting Director of the National Institute of Nursing Research (NINR) and Scientific Director of the NINR Division of Intramural Research. She is a well-known scientist and leader in the field of nursing science with expertise in genetic markers that predict clinical outcomes. From 2011-2013, Dr. Cashion served as the Senior Advisor to the Office of the Director and Acting Scientific Director before being appointed Scientific Director in November 2013. Prior to her appointment at NINR, Dr. Cashion was professor and chair of the Department of Acute and Chronic Care in the College of Nursing, University of Tennessee Health Science Center (UTHSC). She joined the faculty in 2000, shortly after earning her doctorate at UTHSC. Also, in 2000 Dr. Cashion participated in the inaugural NINR Summer Genetics Institute (SGI). Drawn by the idea of incorporating genetics and genomics into her research, she credits the SGI with changing the trajectory of her career. Currently, Dr. Cashion serves as a member of the National Academies of Sciences, Engineering, and Medicine Roundtable on Genomics and Precision Health. She was previously on the Board of Directors for the Alumni Association of the Robert Wood Johnson Executive Nurse Fellows program, served as co-chair of the Genetics Expert Panel for the American Academy of Nursing, and served as Communication Chair of the Centers for Disease Control and Prevention-sponsored Genetic Applications in Practice and Prevention Network.

Karen Cox PhD, RN, FACHE, FAAN was appointed President of Chamberlain University in 2018, the largest provider of nursing education programs in the country. Prior to joining Chamberlain, she served as Executive Vice President and Chief Operating Officer of Children's Mercy – Kansas City. In 2003 she led the organization to receive Magnet designation by The American Nurses Credentialing Center during her tenure as Senior Vice President for Patient Care Services and Chief Nursing Officer.
